

Wednesday, December 16, 2026 from 17:30 to 18:30

General description, scope and objectives of this webinar

The programme of this webinar will cover causes, imaging assessment, and management implications of main pancreatic duct dilation. It is aimed at radiologists and radiology residents who want to improve their skills in:

- ▶ Distinguishing benign from malignant causes of ductal dilation
- ▶ Using cross-sectional imaging effectively for pancreatic evaluation

After watching the webinar, participants will be able to:

- ▶ Apply imaging criteria to guide further investigation or surveillance
- ▶ Communicate risk and next steps clearly in reports

The webinar includes case-based presentations and live discussion.

Duration 60 minutes

Speaker: Dr. Cesare Maino

Moderator: Dr. Caroline Ewertsen

Detailed programme

- Introduction by Dr. Ewertsen Caroline (5 min)
- Presentation on “**Main pancreatic duct dilation: When to worry, when to watch**” including MCQs, by Dr. Maino Cesare (40 min)
- Live Q&A from the audience, moderated by Dr. Ewertsen Caroline (10 min)
- Conclusion and key messages by Dr. Ewertsen Caroline (5 min)
